## Past events

For the second year in a row, June's meeting featured Tim Culbertson, this year speaking on multifloral Paphs. With nearly 30 members in attendance, we

received expert advice on their culture with insight on variations in temperature, light and watering frequency associated with this groups as well great insight into past, current and future breeding trends. Thanks to Tim for an informative and witty talk. Tim also had a fine selection plants for sale at quite affordable prices.

Following the meeting, Marsha hosted a reception for Tim at her home (thanks Marsha!) and as usual members did a great job providing tasty dishes to share. The board held a quick business meeting and took care of the reelection of officers and set the meeting dates for the 2023-24 season (the 2<sup>nd</sup> Sunday of the month except October and May [which will be the 3<sup>rd</sup> Sunday]. In addition, we decided to ask Tina to try to arrange for 3 meetings at the fairgrounds including the May potting workshop.

### June Show Table

1) *Trichocentrum tigrinum*, Tina Balog; 2) *Phrag Yelva Myhre*, Bob Findlay; 3) *Cattleya purpurata*, Tom Gregg; 4) *Paphiopedilum concolor*, Keith Tibbetts

Thanks to everyone that brought in plants for the show table – 4 large tables were needed to hold all the blooming orchids. It is always one the highlights of the meeting to see the great orchids our members grow and to talk with the growers. A few randomly selected photos (left) and a list of the plants (the best I could reconstruct based on the entry cards filled out by members) follows. Please

take the time to fill these out clearly – feel free to bring some home and fill them out in advance of the meeting to save time and my eyes.
